### About the Institutions

Vikas Group of Institutions established in the year 2010 one of the best known self-financing Integrated educational Institutions aiming to provide excellence in Engineering, Pharmacy and Management studies. It is governed by Mother Theresa Educational Society to encourage aspiring students with very good Academic record. It offers Under graduate Engineering (Civil, EEE, Mechanical, ECE, CSE-AIML, DS and Agriculture) and B. Pharmacy along with PG M. Tech (CSE, VLSID, DECS, EPS, SE and TE), M. Pharmacy (Pharmaceutics, Pharm. Analysis and Pharmacy Practice) and MBA. It has a strong Industry-Institute partnership, Entrepreneurship cell and R&D cell to enhance the practical knowledge of the students.

### Programme Objectives:

The main objectives of the program are:

1. To provide the students a thorough systematic approach to the selection of metals, ceramics, polymers, and composites required for mechanical design.
2. To familiarize the students with material properties and materials fabrication processes and an approach for selecting a process capable of producing a component possessing the size, shape, properties, and cost dictated by the design.
3. To teach students how to deal with multiple constraints and conflicting objectives including realistic constraints involving the economics, environment, manufacturability, and sustainability
4. To introduce the students to the methodologies for designing new materials and conceiving hybrid solution
