Description	Vikas Group of institutions, organized an awareness Rally on "World water Day" at Pathapadu. Every day, people use water for drinking, agriculture, industry, recreation, hygiene, sanitation, and health care. Water resources are precious and finite. Warming temperatures and other natural and human-made stressors threaten to impact the quantity and quality of our water on a large scale. World Water Day highlights the essential role water plays in our lives and how we can better protect it.

Description	On this event our college NSS unit conducted a rally NSS volunteers it is harmful to the environment. It takes 1000 years to decompose into smaller pieces, which seep down into the soil and release chemicals, which eventually reach the water supply. Kills animals in the water when they eat plastic bags thinking they are jellyfish Builds up in landfills Manufacturing of plastic bags is harmful to the environment because nonrenewable resources are used (petroleum and natural gas). Stores give out unlimited amounts of plastic bags for FREE even when the costumer does not need one Cost in terms of energy and manpower is greater than the value of the material produced.

Description	A Blood donation camp was organized by our NSS unit, in collaboration with Lions District 316 D Blood Centre, Vijayawada, through which more than 70 units of blood was donated by both students and the staff members of our Vikas Group of institutions. It is a way of Vikas Group of institutions gesture in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts.
